

Eleven Reasons to Hire a Professional Geriatric Care Manager

11. We are professionals who have the knowledge, training, and experience to do what you are trying to do without it.
10. We can do in 2 hours what it would take you 2 weeks to do.
9. We know how to get around that "I'm saving for a rainy day" syndrome, when your folks are drowning in their problems.
8. We're much cheaper than the cost of plane fare if you have to fly into town when your parents say "everything is fine" but you know it isn't.
7. We can give you the scoop on which nursing home is really right for your parents.
6. We can make your parents hear what you have said over and over again, but they refuse to listen because to them, you are still a child.
5. We can tell your annoying sibling to shut up, but graciously.
4. We've helped hundreds of families a lot worse than yours.
3. Your dad can't push our buttons.
2. Next time you want to hang up on your mother, you can tell her to call us.
1. We're available 24/7, so you don't have to be.
